**Von Kevin Wilson : Journey's End: Bomber Command's Battle from Arnhem to Dresden and Beyond (Bomber War Trilogy 3) (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Journey's End: Bomber Command's Battle from Arnhem to Dresden and Beyond (Bomber War Trilogy 3) (English Edition):

**Kurzbeschreibung**The final, climactic volume of Wilson's acclaimed bomber war trilogy. In February 1945, British and American bombers rained down thousands of tons of incendiaries on the city of Dresden, creating one of the greatest firestorms in history. Their bombs killed an estimated 25,000 people, and wiped one of the most beautiful cities in Europe from the map. The controversy that erupted shortly afterwards, and which continues to this day, has long overshadowed the other events of the bomber war, and blighted the memory of the young men who gave their lives to fight in the skies over Germany. This book neither condemns the bombing of Dresden, nor excuses it, but simply puts it in its proper context as a devastating set of raids in a much larger campaign. To the crews who flew over Germany night after night there were other much more pressing worries: the V2 rockets that threatened their loved ones at home, the brand new German jet fighters that could strike them at speeds of over 600mph, the deadly flak over the cities of the Ruhr Valley. The bomber war had entered its final unforgiving months, and no quarter was given on either side. Kevin Wilson has interviewed over a hundred people for this book, some of whom flew on the Dresden raids, and many more who experienced other aspects of bombing, both in the air and on the ground. JOURNEY'S END chronicles the brutal endgame of a conflict that caused devastation and tragedy on both sides.

**Pressestimmen**"This final part of a fine trilogy restores the young airmen to their rightful place in history . . . Wilson gives a brilliant insight into life in the air and on the ground." "Guardian"  
"A brilliant insight into life in the air and on the ground, and considers why a force that took the war into the heart of Germany on a nightly basis was ignored when the fighting stopped ... a long way to answering why there will be a memorial to these brave airmen in a London park"--OBSERVER  
Despite their enormous courage and huge sacrifice, Britain has never formally acknowledged the bravery of the men who fought through the Second World War in Bomber Command. The men's valour was betrayed by politicians and they have been denied a medal honouring their campaign--SUNDAY EXPRESS
