Rosato Associates' Good Girl Takes SidesVon Donald MitchellDon't miss this book!Mary DiNunzio is my favorite Lisa Scottoline heroine. I was thrilled to find that she was back as the narrator of Lady Killer . . . and was even happier

when I found what a wonderful story Ms. Scottoline had crafted around this delightful character. Lady Killer is a term that usually refers to a man who wows women . . . even against their better judgment. As the book opens, there's a different meaning. Heart-throb Bobby Mancuso has been hooked up with Trish Gambone since high school, but he's turned into a drug-dealing, connected villain who continually threatens Trish's health and safety. Now he's threatening to kill Trish. Based on being acquainted in high school, Trish comes to see Mary seeking safety from being killed. Mary proposes legal alternatives . . . none of which appeal to Trish. That's where matters would have ended, except that Trish and Bobby go missing that night. Mary gets the blame from Trish's friends and family, and Mary digs in to see what she can do. The cops aren't very interested and Mary finds herself turning detective. Life is more complicated than this sounds. Mary's legal practice is booming, and she has to ignore the rest of her clients to help Trish. This annoys virtually everyone else. In addition, Mary used to tutor Bobby in high school . . . and the two dated for awhile. Can Mary save Trish? Can we ever escape high school? Can Mary find happiness as a lawyer for the angry people in South Philly? Can Mary get a life? Lisa Scottoline's interesting story races along all these tracks at the same time. It's good story telling . . . and even better reading. In the process, you'll get to know Mary as you've never known her before. I think you'll like what you learn about her. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung Mary DiNunzio is strong, smart and has plenty of attitude. She's become a big-time business-getter at Rosato Associates, but the last person she expects to walk into her office one morning - in six inch stilettos - is super-sexy Trish Gambone, her old high school rival. Trish was the head Mean Girl who flunked religion and excelled at smoking in the bathroom. Trish's life has taken a horrifying turn. She's terrified of her live-in boyfriend who is an abusing, gun-toting drug dealer for the South Philly mob. Mary remembers the guy from high school too - she had a major crush on him. Before Mary knows it, Trish vanishes. A dead body turns up in an alley, and Mary is plunged into a nightmare - that threatens her family, her job and even her life. Mary goes on a one-woman crusade to unmask the killer, and finds love in a very unexpected place. Along the way, she's forced to confront some very uncomfortable truths about her past and the profound effects of lifelong love - and hate. From Publishers Weekly Scottoline's latest thriller presents a successful businesswoman's journey to confront her past, and Rosenblat draws upon her theatrical experience to create a fun listening experience. With a variety of tones and dialects on her palette, Rosenblat creates a colorful cast of characters (with even a little singing thrown in). While her omnipresent narrator is somewhat overbearing at times, this is downplayed by her wonderful character creations. While not exactly the most thrilling or believable story, the brilliant Rosenblat grabs the spotlight and owns it from start to finish. The final disc offers a noteworthy interview with Scottoline.
