An epic work on a historical figure of the Southwest Von Ein Kunde This outstanding book on the first Archbishop of Santa Fe - the French-born Jean Baptiste Lamy, details Lamy's tireless efforts at rebuilding the Catholic church in New Mexico from the state of shocking neglect which he found it to be in. It delineates the work Lamy did to improve both the spiritual and material lives of the people under his care. It also enumerates the many hardships Lamy endured.

Evidence of the tremendous devotion, unwavering faith and sterling character of this man of God can be found throughout the book. If there is one word which can best describe Lamy, that word would be - Saint! Author Paul Horgan won a Pulitzer prize for this book and it is not difficult to see why. It was readily apparent that Horgan had done exhaustive research from the numerous details contained in the book. All in all, a meticulously researched book on a most remarkable individual of the American Southwest written by a diligent author.
