KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Loved it!! Von Reggie I'm a Sasquatch fan and a zombie fan so when I saw the cover I snapped this up straight away, and I wasn't disappointed. Zombies and Sasquatch, you can't go wrong!! Enough said.

KurzbeschreibungA small band of survivors is on the run during the zombie apocalypse. Led by a mysterious man with an arsenal of deadly military weapons, they must work together to stay alive. In a desperate attempt to locate other survivors, they find sanctuary in a lone farmhouse, only to discover the surrounding woods hold more dangers than just bloodthirsty undead. Featuring Sasquatch, roving rotters, and even more surprises, Last Stand in a Dead Land, is an explosion of cross genre action that will leave you wanting more. "Throws everything at you at a non-stop pace. Eric S. Brown's latest monster-mash is one of his best yet!" - The Horror Fiction "Brown delivers exactly what he promises, with a storyteller's heart--unless some creature ate it first." --Scott Nicholson, author of They Hunger
