Very helpful and enriching study of being an apprentice of ChristVon Stefan MeyerI have been reading Spurgeon ever since my conversion to Christ in 2000 but have neverbegun reading his Lectures. I can recommend them. To use Spurgeons

terminology I would like to say: In the lectures to his students the student of the lectures will find a great help. With wisdom and fatherly love the teacher C.H. Spurgeon teaches young preachers how to live, teach and preach the attitudes and the office of the bishop of the word of God. There is not a page that I found without nutrition or care or help in reading it. The lectures stir the pastoral heart of any believer. Never does he fail in presenting the first attitude to love Christ first and be united first. He challenges to work on the deficits that the shepherd of the Lords wants to present to the Lord first in dealing then with the rest of the sheep of the Lord. Very enriching book to read and very helpful. S.M. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Possibly the Best Volume on Preaching and Preachers... Von Phil Soen... And believe me I would probably know. I've been reading as many books on preaching as I possibly can. I've discovered that most books on preaching today focus on structure and form. Their like my friend Gus says, "Car manuals for preaching." Structure and form have their place, but I think that it is over emphasized today. In this book Spurgeon remains extremely practical, yet raises the plane for the standard of both a good sermon and a good preacher. In this book he is in exceptionally rare form, he differs from most of his sermons. He is still just as Christ-centered and eloquent but is more casual than in his sermons. After I read this book I felt as if I had acquired a new friend. I also felt as if I was part the Pastor's college. I could almost raise my hand and ask a question. I highly recommend this book to pastors and laymen alike with no regret. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Best Preacher book!!! Von Freedom Spurgeon is the "king of preachers". The book has a very deep spiritual depth, and is very helpful not for preachers only, but for all Christians who are looking for some good spiritual advice. I love this book and there aren't many adequate on the book market. I think, if you want to have a very good spiritual quality concerning the literature you read, you must look for books from the 19th century - it was the time where Christians were real Christians, if you understand what I mean. I do strongly recommend this book to all of you!!! A really great one!!! God bless you!
