Von Hamlin Cannon : Leyte:Return to the Phillipines (US Army Green Book) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Leyte:Return to the Phillipines (US Army Green Book) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Alternative zum BuchVon Dr. Hans-juergen MenzelDas Buch ist eine gute Alternative zum Buch bzw. zum original PDF-Format.Inklusive Bilder und Karten.Die Karten mit rmischen ziffern sollten allerdings im jpg-Format beigefgt

werden, diese sind dann besser zu vergrern.

KurzbeschreibungNarrative, pocket, version of the US Army Green book suitable for reading on a Kindle. This particular version has the maps and illustrations added. I am not sure if it works - customer review and feedback would be useful. If there is general agreement that you want the maps, they can easily be added to all the Green Books though it may prove more difficult with the very similar HMSO histories
