KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. essential book for anyone studying economics/public policyVon Ein KundeI found this book by accident! And it saved my (academic) life, by giving me a clear, economics-grounded understanding of: -why markets fail -why governments fail too -what the alternatives are for correcting those failures (policy options) -how to do a cost/benefit analysis of the

different policy options -how to structure a policy analysis -how to write it up and present it in a way that makes things happen. Whether you work for an advocacy organization, a politician, a government agency, a corporation, or are simply interested in better understanding why governments intervene in the 'free market', this book will be a great help to you, too! 0 von 0 Kunden fanden die folgende Rezension hilfreich. a well-organized introduction to policy studies Von Interada Weimer's "Policy Analysis -3rd edition" provides a well-organized, widely-covered, and easily-understandable introduction to policy analysis. Although we have to seek for other materials for an in-depth analysis of some topics, the book helps us start with Public Policy, Policy Analysis, and even economic policies. This is especially good for undergraduate level, since this provides how to study, investigate, and write policy paper.
