Von Stephanie Diamond : Prezi For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Prezi For Dummies:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. prezi for dummiesVon Customerthis book is a rather comprehensive guide that takes the reader into the depths of prezi presentation. But no matter how intensive it is i cannot help wondering that i would have gotten just as much information from reading the online manual. if you hope to find professional tweaks to boost your prezi presentations i am afraid you will have to look somewhere else...1 von 1 Kunden fanden die folgende Rezension hilfreich. veraltet und enttäuschendVon PJerster Kritikpunkt: Ende 2013 ist der Inhalt dieses Buches veraltet, Prezi hat sich markant weiterentwickeltzweiter Kritikpunkt: inhaltlich doch ein bichen platt und teils wirklich an "Dummies" gerichtet, die noch nie mit Prsentationssoftware oder Denken beschäftigt haben0 von 1 Kunden fanden die folgende Rezension hilfreich. Nicht schlecht, aber auch nichts besonderesVon NZNa ja, ich wei nicht was ich mir von diesem Buch versprochen habe, aber mich hat Prezi interessiert und wollte daher eine gute Einfhrung. Diese habe ich erhalten.

Meistens gut verständig.

Kurzbeschreibung A one-stop resource for an exciting new Web-based, slide-free presentation tool! People who have been seeking a flashier version of PowerPoint have found it and it's Prezi. A Web-based, slide-free presentation tool, Prezi allows users to create and give rich, Web-based presentations complete with dynamic content, contextual layouts, and eye-catching visuals. Prezi For Dummies gets you rapidly up to speed, including how to think outside the traditional slide, create your project, insert Flash and other graphic files, and publish your presentation to a public domain. You'll also learn valuable tips on what makes a good Prezi. Introduces Prezi, a Web-based, Flash-friendly, dynamic presentation tool Explains how to use online and offline editors and insert images, video, sound, Flash files, and other complex graphics Covers presenting a Prezi, publishing it to a public domain, and collaborating with others Offers tips and insights on what makes a good Prezi and how to think visually to create content that benefits your business or organization Move beyond slides, put your visual thinking cap on, and get the very most of Prezi with this timely, practical guide.

Pressestimmen "As a multi-title Dummies author, I am very impressed by the depth of Prezi for Dummies. It's hard enough to write a book that explains a software program from the point of view of readers who have never used it before. It's even harder to write a book that puts a new software into perspective and links it to classic visual thinking and storytelling techniques...explaining not only how to use it, but when and why from a content and message point of view." (Roger C. Parker, Published Profitable Blog)
