Great insight into a variety of a man's life decisionsVon Ein KundeThis book culminates many different sources into one, practical, and intelligent synopsis for men. This book is good for men ages 15 and older seeking to either form, renew, or solidify their values based upon those in the Christian faith. However, this book also provides great moral guidance without being too "preachy". It is very reader-friendly and can take four minutes to read a daily devotion that will leave you reflecting upon its merit for hours. In addition to the devotional passages, there are carefully chosen passages of the Bible that relate to the contemporary topic at hand. Without a doubt, this is a book that I will give to both my father and son - and that I will continue to re-read for years to come.0 von 0 Kunden fanden die folgende Rezension hilfreich. What A Way To Start The Day.....Von Brent C.I picked this book up on a whim...a last minute

purchase, without even looking inside at most of the content...I've had it for more than two years now, and I've made it a daily practice to read the chapter for the day before leaving my house to go to work...This collection of Bible lessons and day to day experiences from so many different authors has brought a great deal of peace into my hectic life...I would highly recommend this book to any man, single or married, with or without children...my favorite passage has got to be the one from Max Lucado..."Choose This Day"...GO BUY THIS BOOK!

KurzbeschreibungA powerful new movement is sweeping across America:Christian men are coming together to make a difference in their families, churches, businesses, and communities.They are helping one another acknowledge a deep-seated need and hunger for spiritual nourishment and Christian fellowship. They are "sharpening" one another's understanding of what it means to be a man today.The first book of daily meditations created expressly for men in search of spirituality, Promises to Keep draws together the words of hundreds of prominent Christian authors and leaders. Offering inspiration and motivation, this little treasure provides the spiritual dimensions lacking in the lives of so many and proves that men can be strong and tender, can lead without tyranny, can be authoritative without arrogance, and can have relationships with each other that are full of meaning, insight, and even love.
