An effective prayer postureVon Melvyn Leelf prayer is fire, then prophetic intercession is inferno.This is a book full of prescient essence. It's provocative and invokes you to move into a dimension seldom known yet can be accessible to many. The path to enter into this dimension is through prophetic intercession. Never have I realized that the flint of

prayer can cut through the mist of our problems and deliver answers so powerfully in our earthly dimension. Barbara has shown us it is possible. The contents of this book not only center on teachings but offers ornament of testimonies that excites your heart into doing the impossible through prayer. Truly earth can make way to meet heaven through earnest prayers. What Barbara shares are more than materials bound by limited pages, it is a treasure trove that should be on the helpdesk of every believers who long for answers in prayers. After reading this book, I have learnt that we should not underestimate or take light of the words that proceed from our mouth. For they are the representation of what is to happen when God answers them. Thus prophetic intercession is serious stuff as it can interfere the natural affairs of our lives. Barbara has recounted many fine examples of how it can save lives, set souls free from lair of darkness, turn the tide around even when the situation is almost impossible. This book is a champion !1 von 1 Kunden fanden die folgende Rezension hilfreich. Powerful, challenging, informative reading.
