**Von Bruce Kayton : Radical Walking Tours of New York City** before purchasing it in order to gage whether or not it would be worth my time, and all praised Radical Walking Tours of New York City:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fascinating As Browsing History or NY IntroductionVon Ein KundeI've tried several of Bruce's actual Radical Walking Tours, which he still conducts in person. He researches, writes and organizes his work better, or more consistently, than he sometimes delivers it in person. But they are always stimulating as social history, leftist political history, labor and industrial history, and even humor. Easily among the best tours I've tried here in NYC and I've tried

several. Many "stops" in his tours have changed my very sense of certain NYC blocks neighborhoods. This book is also fascinating browsing history as well as one of the coolest specialty travel guides I've looked over. Good for new and veteran New Yorkers alike. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Disappointing Von Ein Kunde I wanted more information on the events and places than he provided. No doubt that Mr. Kayton is a terrific tour guide and NYC needs more scholarly guides; the typical guide in this great city is HORRENDOUSLY inept and ignorant. Other parts of the city, aside from the Lower East Side and Villages should have been covered - I can't imagine that no radical ever called Murray Hill, Times Square, Turtle Bay, etc., home.

**Kurzbeschreibung** Traditional walking tours of New York enshrine the wealthy and war heroes by emphasizing what they've left behind. Rarely seen are those buried in their wake those who fought the power, pushing for a better world. In *Radical Walking Tours of New York* Bruce Kayton leads us to monuments of those other heroes. Through Kayton's lens, the history of all hitherto existing neighborhoods is the history of class struggles, civil rights battles, and labor movements; these twelve tours provide as many exciting, provocative, and educational afternoons. You can visit, for instance, Emma Goldman's long-time home in the East Village, Langston Hughes' house in Harlem, the site of Mabel Dodge's salon or the apartment in which John Reed worked on *Ten Days That Shook the World*, and the site of Margaret Sanger's first birth control clinic. From Battery Park to Harlem, from the Lower East Side to Central Park, Bruce Kayton's tours provide a new perspective on the history of both New York City and American radicalism.

**Synopsis** Traditional walking tours of New York enshrine the wealthy and the war heroes. But rarely seen are those buried in their wake - those who fought the power, looking for a better world. Now, in this newly revised and updated tour guide, Kayton shows us that history of all neighbourhoods is the history of class struggles, civil rights battles and labour movements. These twelve tours lead you to the monuments of these fighters and their struggle, including: Emma Goldman's long-time home in the East Village. Langston Hughes's house in Harlem. The site of Mabel Dodge's salon. The apartment in which John Reed worked on *Ten Days That Shook the World*. The site of Margaret Sanger's first birth control clinic. From Battery Park to Harlem, from the Lower East Side to Central Park, Bruce Kayton's tours provide a new perspective on the history of both New York City and American radicalism.
