A call for getting out of the armchairVon Nils PetermannReclaiming Our Democracy goes beyond the oft-heard complaint that democracy has been hijacked by special interests. Instead it points out that we are often inclined to ignore our opportunities to shape political will, and it provides fascinating examples of citizens who have banded together to successfully put topics like hunger, poverty and environmental dangers on politicians' agendas. Readers are encouraged to leave their armchairs, stop complaining, and instead actively participate in the political process. It's not easy, but nothing worthwhile ever was.
