Von Mack Maloney : Return from the Inferno (Wingman) before purchasing it in order to gage whether or not it would be worth my time, and all praised Return from the Inferno (Wingman):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. "Fast, Entertaining Read."Von Ein KundeOnce again another quick, entertaining story from Mack Maloney. I liked the concentration on the dilemmas of the secondary characters like Frost and Fitz as they try to survive in an America under the heel of Neo-Nazis. As usual in Wingman, the bad guys are sadistic and perverted. The United Americans

come up with some pretty elaborate schemes to battle the Nazis. Final battle was pretty good, though the fight scenes were not as awesome as in previous Wingman stories.0 von 0 Kunden fanden die folgende Rezension hilfreich. It started out really boring but came back fighting!Von Ein KundeIt started out slow with a lot of information from the previous story, but about half way through it came back strong. My favorite part was when the battleship sailed up through the Big Muddy(the mississippi). The way Hunter went into hiding so everyone thought he was dead and then started to terrorize the Burning Cross really added to the excitement. I would recommend this book to anyone that likes adventure and a good read.0 von 0 Kunden fanden die folgende Rezension hilfreich. I thought that this book was greatVon Ein KundeIn half of this book hunter is thought to be dead. In the book USA is taken over by the fourth reach. Hunter and his fellow americans try to take it back. I have read 1-9 and this is as good as all the other books in the WingMan set.

KurzbeschreibungWhen the Wingman vanishes, its up to the remaining few to fight Americas latest invaders
