Von Fred Halliday : Revolution and Foreign Policy: The Case of South Yemen, 1967-1987 (Cambridge Middle East Library) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Revolution and Foreign Policy: The Case of South Yemen, 1967-1987 (Cambridge Middle East Library):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. An

important, almost unique historical document on the socialist South Yemen  
Von Rousso An important historical document on the socialist South Yemen and the Yemini relations, which also contributes to understanding a part of the recent conflict in the country

Kurzbeschreibung This book is a study of the foreign policy of South Yemen, the most radical of Arab states, from the time of its independence from Britain in 1967 until 1987. It covers relations with the west, including the USA, and with the USSR and China, and also highlights South Yemen's conflicts with its neighbours, North Yemen, Saudi Arabia and Oman. The author provides a detailed analysis of the foreign relations of one of the USSR's closest allies in the Third World and shows how conflicts within the country relate to changes in foreign policy. South Yemen has traditionally not been an easy country to study, both because it is so secretive and because the revolutionary regime still arouses such strong passions. Professor Halliday was able to visit the country and to make an outstandingly thorough study of the foreign policy of an Arab state.
