Judaism at its sexiestVon AlexEverything you ever wanted what Traditional Orthodox Judaism teaches about sex? Well, this book ocvers everything from Pre-marital sex to birth control, to everything you ever wanted to know but were afraid to ask. This book shows that Judaism, Orhtodox in particular, is not cut and dry and boring when it comes to sexuality as

some make it seem. Get this book and you will learn things you only thought were possible. Also, everything that is talked about in the book has a source if you just can't believe your eyes. Believe me, you will re-read it at least twice when you read this book's contents.

KurzbeschreibungBy returning to primary source material, including the Torah and ancient and medieval rabbinic literature, Rabbi Gershon Winkler illustrates the often uninhibited and celebrative attitudes towards sexuality and sensual pleasure found in Jewish teachings. Unfortunately, Judaism's healthy outlook on human desires and physical enjoyment has been nearly lost after centuries of subjection to host religions and cultures that have all but squelched the notion of sensuality. In this fascinating and often surprising volume, the myth of a 'Judeo-Christian' approach to sex is shattered.

Synopsis Sacred Secrets: The Sanctity of Sex in Jewish Law and Lore dispels the common misconception that Judaism, like Christianity, views sex as a mere procreative tool with taboos on other expressions of sensual pleasure.
